

Missionary of the Week:

October & November 2018

Dear Supporters,

"But my God shall supply all your need according to His riches in glory by Christ Jesus" (Phil. 4:19).

Dianne and I believed this to be true as we began our lives together as husband and wife. We trusted His promises when our children came along. When I was called to preach, we saw the Lord do miraculous things for us as He supplied the needs for our family during those college days.

We were blessed to pastor for thirty years and see the Lord raise up churches that love the Lord, the preaching of God's Word, and the Great Commission in reaching the world with the Gospel of Jesus Christ.

Now as missionaries, He is again supplying our need by the giving of local churches and friends. We are now able to go and present the work of Mediterranean Baptist Missions to help establish more churches and see many more Jews and Arab people come to salvation in the Lord Jesus. All I can say is this: "God is Faithful!"

PRAISES:

- Mediterranean is now reaching out with the Gospel to 11 Arab nations.
- Thankful for another church taking us on for support.
- Thankful for those who responded to the need for the missions with a generous love offering.
- Grateful for God's protection of us while on the highways while traveling from church to church.
- Lazarus and Samia visited with Christians in Dubai and Jordan this summer in order to establish churches.

PRAYER REQUEST:

- The mission is still in need for support. If your church could take a one-time love offering, it would be gratefully appreciated.
- Brother Lazarus will be join by pastors who will be going to Egypt in November to preach and teach while visiting churches and also attending the Pastor's Conference in Alexandria, Egypt.
- Open door to present the mission to new churches in 2019.
- Pastors would you pray about going with us next March to visit the works in Egypt. It will be a life changing experience.
