

Missionary of the Week

February 5, 2018

Lamar & Dianne

The RACKLEYS *"Working alongside of Christians in the Middle East"*

Dear Supporters,

Wow has 2018 started out with a bang! Many states were hampered with an Artic freeze that was followed by snow and ice. To top that off, many states have been hit with the flu virus. Many churches were forced to call off services because of either the weather or flu. Dianne is just getting over her fight with the flu after three weeks of being down physically. January has presented problems with us getting into churches to present the ministry of Mediterranean Baptist Missions.

Praises:

- Though we have experienced problems the past month, we have been grateful for the praises that have come our way. Thank the Lord for the new churches that have taken us own for support. The first week in February has given us much hope for other churches to start their support during this month as well. We can't thank the Lord enough for His faithfulness to us. It is faith partners like you that continue to sacrifice so that others might come to Christ through saving faith in other parts of the world.
- Praise God for the reports, we are receiving from our churches in the Middle East. An open door is producing many souls being saved and revival being experienced in every one of our churches.

Prayer Requests:

- Open doors to plant churches in Saudi Arabia and other Muslim countries where there is no gospel witness.
- Two new churches with a need of \$40,000 for completion of their church buildings.
- Completion of our monthly support by the fall of 2018.
- Safety as we travel in the months ahead and wisdom as we are in new churches to present the ministry.

In Service for the Lord,
Lamar & Dianne Rackley
